Washington, DC 20426

RE: Docket **CP25-528-000 Eastern Gas Transmission and Storage, Inc. EGTS Appalachian Reliability Project**

Dear Secretary Reese:

As a member of the PA House Energy Committee, I would like to share my full support for the EGTS ARP from Eastern Gas Transmission and Storage, Inc.

The Project will include updates to existing compressor stations and metering and regulation facilities in Westmoreland County, Armstrong County, and Greene County, Pennsylvania, and one existing compressor station and metering and regulation facility in Monroe County, Ohio. Specifically in Greene County at the Crayne Compressor Station, a discharge cross-over flow control within the fence line in Franklin Township will be installed.

I would like to again express my full support for the Eastern Gas Transmission and Storage FERC application. If you have any questions or would like to discuss this letter in further detail, please feel free to contact me.

Sincerely,

Bud Cook

PA State Representative 50th District
