Honorable Debbie-Anne A. Reese, Secretary  
Federal Energy Regulatory Commission  
888 First Street, NE  
Washington, DC 20426

**RE: CP25-528-000, Eastern Gas Transmission & Storage, Inc. Appalachian Reliability Project**

Dear Secretary Reese,

As the Pennsylvania House Representative for the 60<sup>th</sup> legislative district, I would like to express my support for Eastern Gas Transmission & Storage's (EGTS) application to the Federal Regulatory Commission (FERC) for its Appalachian Reliability Project.

Eastern Gas Transmission and Storage seeks to add energy capacity to the Appalachian region by upgrading strategic stations and extending targeted pipeline. This will create 550,000 dekatherms/day of incremental firm transportation capacity from a new receipt point in Armstrong County, PA. Parts of the Appalachian Reliability Project will be within the 60<sup>th</sup> district.

Pennsylvania's demand for reliable energy is expanding. Eastern Gas Transmission & Storage's Appalachian Reliability Project would help Pennsylvania meet its growing need for energy.

If you have any questions, please do not hesitate to contact me. Thank you for your consideration.
